Blessed Jose Gregorio Hernandez Cisneros was Born on October 26, 1864, in Isnotú, Venezuela. He was not only a beacon of academic aptitude but also a symbol of hope and compassion. Raised in a devout Catholic family, he was encouraged to pursue knowledge, eventually earning scholarships to study medicine in Paris, France. Upon returning to Venezuela, Hernández was more than a doctor—he was a healer in every sense of the word. Passionate about medicine and deeply concerned about inequality in healthcare, he offered free treatment to the poor and underserved. His work blended modern science with deep spiritual conviction, aiming to heal both body and soul. As a professor and mentor, he helped shape the next generation of Venezuelan physicians, inspiring them with both medical wisdom and moral integrity. His life was tragically cut short in 1919 when he was struck by a car in Caracas. But his story didn't end there—his spirit lives on through the countless people who continue to call on him for healing. In April 2021, Dr. Jose was beatified. The first miracle attributed to him occurred in 2017 and was confirmed by the Vatican in 2020. It involved the miraculous healing of a 10-year-old girl, Yaxury Solórzano, who had been shot in the head and made a full recovery after her mother prayed to Hernández. Then in 2021, a new potential miracle was investigated: the inexplicable recovery of Venezuelan businessman Gonzalo Morales Divo, who was saved from a life-threatening condition after prayers were made in Hernández's name. The Vatican later deemed the event scientifically unexplainable and officially recognized it as the second miracle needed for canonization. Another reported miracle emerged in 2022 involving a Miami woman named Lidia Alcalá. After kidney surgery in 2004, she claimed to have been visited by Dr. Hernández in a vision where he opened her wound, reassured her, and vanished. She experienced a complete recovery and lives pain-free to this day. He was canonized on October 19, 2025 by Pope Leo XIV at St. Peter's Square in Vatican City. His feast day is October 26th, the anniversary of his birth.
